DETAILED ACTION

Claim Rejections - 35 U.S.C. § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 18-46 are rejected under 35 USC §103(a). This rejection is set forth in the prior Office action paper number 4.

Response to Arguments

2. Applicant's arguments filed on January 22, 2003 have been fully considered but they are not persuasive.

Applicants argue that the use of non-woven mesh fabric instead of a woven mesh fabric disclosed by the cited reference is not obvious and that the prior art must provide the motivation to substitute one for the other.

The examiner is not contending that it would be obvious to try, but the examiner's position is that it would have been obvious "to do." Also it has been held that references are evaluated by what they suggest to one versed in the art, rather than by their specific disclosures. In re Bozek, 163 USPQ 545 (CCPA) 1969. In this case, one of ordinary skill in the art would have reasonable expectation of success if a non-woven strip(s) is/are to make the fabric in the way as suggested by the reference, instead of a woven strip as explicitly suggested by it, (the reference).

Art Unit: 1731

As to the arguments that similar claims have been found allowable in another and related invention. It has been established by the courts that it is immaterial whether similar claims have been allowed to others. *In re Giolito*, 188 USPQ 645 (CCPA 1976).

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
